

# OFFSET-PRINTED BOXES

## CATEGORY

Packaging and Shipping

Cardboard Boxes

## DESCRIPTION

At our company, we manufacture boxes and cases with offset printing on single- or double-wall corrugated cardboard, using a laminated bonding process to provide greater strength to the packaging.

We comply with ECMA and FEFCO standards, allowing us to manufacture all types of packaging formats according to your needs.

We offer acrylic or UV finishes for protection, including glossy, semi-matte, or matte finishes, as well as windows, die-cutting, stamping, or any type of special finish your box may require.

If you are looking for high-quality and durable boxes and cases, contact us today!

## FEATURES

✓ 100% Recyclable
