Cardboard Spools

DESCRIPTION

If you are looking for a solution to reduce the space occupied in your warehouse and during the transportation of your products, our custom spools are the answer. Designed and manufactured to be delivered completely flat, our spools provide a practical way to optimize storage space.

In our design process, we work closely with you to create custom spools that fit perfectly into your production line. Our various gluing tabs provide the necessary strength for the proper winding and unwinding of your products, ensuring safe transportation and storage.

Additionally, our spools are fully customizable, meaning you can add your brand or logo for greater visibility.

In summary, our custom spools offer a practical, safe, and tailored solution for your storage and transportation needs. Contact us today for more information.
