DESCRIPTION

100% corrugated cardboard kit, consisting of a cardboard box and a CLICKpal pallet.

ECO-FRIENDLY: 100% recyclable and environmentally friendly.

LIGHTWEIGHT: Can be transported by hand, facilitating internal transport and handling both at the loading plant and by the receiver.

VERSATILE: Can be customized to any shape, size, and image.

USABILITY: Does not require adhesives, seals, or staples for assembly.

DURABLE: Its reinforced structure makes it a highly resistant corrugated cardboard pallet.

SAFETY: Prevents damage and injuries during use as it has no splinters, nails, and its reduced weight. Additionally, it does not require a cardboard sheet for separation between the pallet and the goods.

COST: Saves costs in logistics and storage due to its reduced weight and adjustable format in size and shape.

EXPORT: Suitable for use in any country worldwide, with no export limits.

PRICE: Compared to any NEW pallet, it is more economical. Size 600x400 with customizable height according to box dimensions.
