

Large containers 

BOX

CATEGORY

Large containers

DESCRIPTION

We manufacture custom boxes in BC, AC, or Triple quality cardboard suitable for packing heavy, large products. These cardboard containers, which are easy to assemble and suitable for export, can also be combined with other materials according to the customer's needs: cardboard with wood, cardboard with foam, etc.

100% corrugated cardboard packaging kit system consisting of a cardboard box and a CLICKpal pallet.

All models are **customizable** in height, format, and can incorporate windows or interiors depending on the mechanical and branding needs of the product.

Eco-friendly: 100% recyclable and environmentally friendly.

Lightweight: Can be transported by hand, facilitating internal transport and handling both at the loading plant and for the receiver's use.

Durable: Its reinforced structure makes it a corrugated cardboard pallet of considerable strength.

Versatile: Can be customized to any shape, size, and image.

Safety: Prevents damage and injuries during use as it has no splinters, nails, and its reduced weight. Additionally, it does not require a cardboard separator between the pallet and the goods.

Cost: Saves costs in logistics and storage due to its lightweight and adjustable size and shape.

Export: Suitable for use in any country worldwide, with no export limits.

Price: Compared to any NEW pallet, it is more economical.

FEATURES

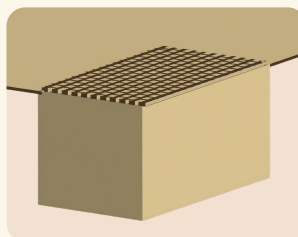

☒ 100% Recyclable

☒ Heavy Duty
