

ANTI-STATIC BOXES (ESD)

CATEGORY

Protection and fixation

Cardboard with special treatments

DESCRIPTION

Our boxes are treated with an anti-static (ESD) treatment that protects sensitive electronic components from electrostatic discharges.

Made from 100% recyclable and recycled materials, these boxes provide a sustainable solution for the safe packaging and transport of electronic equipment.

The ESD protection ensures the integrity of products during handling and shipping. Ideal for the technology and electronics industry, our boxes combine efficiency with environmental responsibility.

FEATURES

- ☒ Anti-static
- ☒ 100% Recyclable
- ☒ Recycled materials
