

NON-ABRASIVE BOXES (FOAM)

CATEGORY

Protection and fixation

Cardboard with special treatments

DESCRIPTION

Our non-abrasive boxes are designed to protect delicate and fragile products.

They are made with foam laminates of varying thicknesses, providing superior cushioning and protection against impacts and vibrations.

This innovative design ensures that products arrive in perfect condition at their destination. Ideal for the electronics industry, glassware, and luxury items, our non-abrasive boxes offer a safe and reliable packaging solution tailored to the specific needs of each product.
